The Supdt of the Press asks for two things in order to enable him to undertake the printing of the Calendar. The increase to the Press work (asked for) need not now be considered. There is provision in the budget and until that is exhausted, the question of fresh grant does not arise. The Supdt may be informed accordingly — The other thing (Rs 300/- is about) the amount req'd for the purchase of a special kind of types which the Press does not possess. If the Press cannot absolutely do the work without such types, they must be bought. The Supdt may be authorised to buy the same from out of the grant of Rs 30,000/- under Type & Material in this year's budget. No fresh grant on this account is also necessary — Subd for orders.
